Welcome to the Wiki!

Greetings! This wiki is a comprehensive reference source, created and maintained collaboratively by our community. Our goal is to document the server's history, characters, lore, businesses, places and systems to immerse members fully into this world. Feel free to dive into any page of interest.

Notice: The wiki is currently undergoing renovations due to a server change. Some content is based on the old CODE 6 Roleplay & City Of Los Santos Roleplay articles that were based on it will be updated to reflect the new server, **Syndicate Reborn (Server Merge)**

Tips & Tricks!

The recent changes feed which is shown to the left of this page shows newly added and updated articles.

Try searching with the **search tool** above, keywords, popular departments, companies, characters or events. The search tool can search in pages too. You can also use the handy "references" system on the right side of wiki articles to find more that have referenced a page.

This is strongly recommended, as the shelves could get complex overtime! For Shelves, switch to **List mode** on the right, it'll help! Please do not use the "books" ***button as it is very complicated.***

Event Histories are currently undergoing rework.

~~Event Histories:~~

RPWiki features a complete timeline and expanded event details, here's a quick link to the current ones. The timeline is a simple easy way to digest at a glance of all events. **Current Timeline: [September](#)**

Our wiki continues growing daily thanks to dedicated editors expanding articles and building new pages. New page ideas are welcome! Just ensure the topic doesn't duplicate existing pages before clicking "Add a Page." Our world's lore and characters have unlimited potential.
